

### **Korean Ambassador to Israel visits IQwind exploring cooperation with Korean companies**

*Bazra, Israel, 14 October, 2009* – Ambassador MA Young Sam and his two first secretaries visited IQwind's headquarters, R&D and testing facility in Bazra Israel. After an elaborated wind industry overview by IQwind's CEO, Gideon Ziegelman, the visitors were escorted to the development facility for a demo. The ambassador Mr. Young Sam stated he was impressed with IQwind's advanced and innovative IQGear design and that he would gladly present it to Korean wind companies to explore potential collaboration with IQwind.
